Emergency Operations Center

There has been a natural disaster in a nearby area. Utilities, phone, and internet are down for anyone inside the disaster zone. You are outside the disaster zone with cell phone and internet access. You must stay within this room and assist the survivors via radio communication.

- **Establish communications with the disaster survivors via radio.**
- **Establish an Emergency Communications Net on a single simplex frequency, anywhere between GMRS Channel 15 to 22.**
- **Appoint a team member to serve as Net Control who will organize and prioritize the traffic.**
- **If available, appoint team member(s) to assist with documentation, research, and any other necessary tasks. Be sure to keep a thorough written log of all communications.**
- **Use all of your available resources to assist the survivors to complete their tasks. Use the Net to request “boots on the ground” information from survivors, when applicable. Information found online may not be accurate during a disaster. Call to confirm businesses are open, for example.**
- **Treat all tasks as if they are real (EX: If asked to pass a message, actually pass the message).**
- **When applicable, be sure to inform anyone outside of the scenario this is a training exercise.**

Task A (Alpha)

You are within the disaster zone without cell phone, internet access, or electricity.

Complete these tasks:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request current weather forecast or incoming severe weather warnings.**
- **If helpful, you can provide this information to the EOC:**
  - **Your address is 114 Brown St. You are safe & your home was unaffected.**
  - **Your neighbor's home at 115 Brown St was destroyed in the disaster, but the lady who lived there evacuated safely with other neighbors before the damage occurred. You have not seen or heard from them since then.**
  - **Your neighbors at 113 Brown St. were unaffected and are safely at home. You are able to safely pass a message to and/or from them if requested.**

Task B (Bravo)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Determine the nearest location where propane filling or exchange is available. Obtain available payment methods, potential driving routes from your location, and costs.**
- **Use your actual current location for class as your location.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented.**

Task C (Charlie)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Determine the status of your elderly grandmother, Hazel Pitman, who lives at 115 Brown St. She is 91 years old and lives alone. You have not heard from her since the disaster.**
- **If no information is supplied, leave your contact information with EOC and continue to check back in regularly until you get her status.**

Task D (Delta)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Inquire to determine the status of your uncle John who lives at 113 Brown St. with his wife Becky and daughters Ryan (16), Katie (13), and Rachel (10). You have not heard from them since the disaster.**
- **If no information is supplied, leave your contact information with EOC and continue to check back in regularly until you get her status.**

Task E (Echo)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request location of emergency shelters accepting pets. Get information about passable route(s) from your location.**
- **You may be asked to use this information in a future scenario, so be sure it is thorough and accurate.**
- **Information you can provide:**
    - **There is livestock feed and hay available at the nearest fairgrounds.**

Task F (Foxtrot)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request programming information about the nearest 3 amateur radio repeaters in the area.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented so you can program them.**
- **Information you can provide:**
  - **Nearby chain pharmacies (CVS, Walgreens, etc.) are all sold out of antibiotics, but local pharmacies have ample supply.**
  - **Walmart and Grocery Store pharmacies have some limited stock.**

Task G (Golf)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request nearest location with livestock feed available. Determine feed types available, accepted payment methods, and possible travel routes.**
- **Use your actual current location for class as your location.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented.**
- **Information you can provide:**
    - **All local gas stations are accepting only cash and limiting fill ups to 5 gallons per person.**

Task H (Hotel)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Pass a message outside the disaster zone to each of your employer that you are safe but cannot come into work due to hazardous conditions. Include something more than your name that identifies you to your employer. Ask for confirmation that message was passed.**
- **This message will actually be passed, so please use real information. You may use the phone number for Radio Made Easy from your homework if desired.**
- **Information you can provide:**
    - **All propane exchanges are currently sold out, but some filling stations are still operational. They are only filling one tank per person and cash is the only payment method accepted.**

Task I (India)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Pass a message to a loved one outside the disaster zone to inform them of your location and status. Request confirmation from the EOC that message has been passed. Be sure to have the EOC to provide some form of authentication (safe word, inside joke, etc.) from your loved one so that you have confidence it was successfully passed to the correct person.**
- **This message will actually be passed, so please use real information. The EOC will very clearly inform the loved one it is a training exercise.**

Task J (Juliet)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request location of nearest pharmacies. Ensure you are aware of the operating hours, any availability issues for medications, payment methods, and potential driving routes. Specifically you are in need of antibiotics for a child's ear infection.**
- **Use your actual current location for class as your location.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented.**

Task K (Kilo)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Report downed power lines and power outages on your road.**
- **If helpful, you can provide this information to the EOC:**
  - **Your address is _____**
  - **The power lines are down to your north, laying across the road.**

Task L (Lima)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Report severe flooding and impassable roads on your street:**
  _____
- **If helpful, you can provide this information to the EOC:**
  - **There are bottled water distribution site at all local Fire Departments.**

Task M (Mike)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request information on any water distribution locations and any possibly water purification methods that use common household resources.**
- **Use your actual current location for class as your location.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented.**
- **Information you can provide:**
    - **There are free hot meals available at all local churches every day from 7am to 7pm.**

Task N (November)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request information about availability of meals being served and/or food distribution locations in the area. Confirm operating hours, routes, and any other relevant details.**
- **Use your actual current location for class as your location.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented.**

Task O (Oscar)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request information about safe waste disposal methods, as sewer system is no longer functioning.**
- **Information you can provide:**
  - **All 70cm amatuer repeaters in the area are down. You have heard from neighbors that there is one 2m repeater still running on emergency power but you don’t know which specific one.**

Task P (Papa)

You are within the disaster zone without cell phone, internet access, or electricity.

Tasks to complete:

- **Establish radio communications with the Emergency Operations Center (EOC)**
- **Request information about gasoline availability. This should include location, operating hours, price, payment methods, and route from your location.**
- **Use your actual current location for class as your location.**
- **You may be asked to use this information in a future scenario, so be sure it is accurately and thoroughly documented.**
